Some things should not be buried, like God's love. Other things belong under the ground, like the roots of this tree. Roots make a tree strong. Draw more roots to make this tree strong.

**One servant was afraid. He dug a hole and buried his talents.**

God tells us not to be afraid.

**Color the scared man by using shaky coloring. God tells us to be brave and bold and share what we have. Color the brave men by making your coloring strong.**
